

~ NJSGC HIGHLIGHTS ~

Holiday Greetings from NJSGC!

We at the New Jersey Sea Grant Consortium wish everyone a very happy holiday season – we look forward to continue working with you in the New Year!

~ ~ ~

~ ~ ~

Please consider helping us continue our work by making a year-end, tax-deductible contribution to the NJSGC. This is the one time of year that we ask for your financial assistance – [we appreciate any support!](#) Thank you for the consideration, and please accept our warmest wishes for a joyful and pleasant holiday season.

NOAA Grants and Fellowships – Application Deadlines and Updates 2018

Just a friendly reminder that the NJSGC helps to manage and support three Graduate Fellowship programs – if interested, please apply before the January/February 2018 deadlines!

**Graduate Fellowship
Application Deadlines**

NOAA/Sea Grant Coastal Management Fellowship
January 19 2018

NOAA Fisheries/Sea Grant Joint Graduate Fellowship
Program in Population and Ecosystem Dynamics and
Marine Resource Economics
January 26 2018

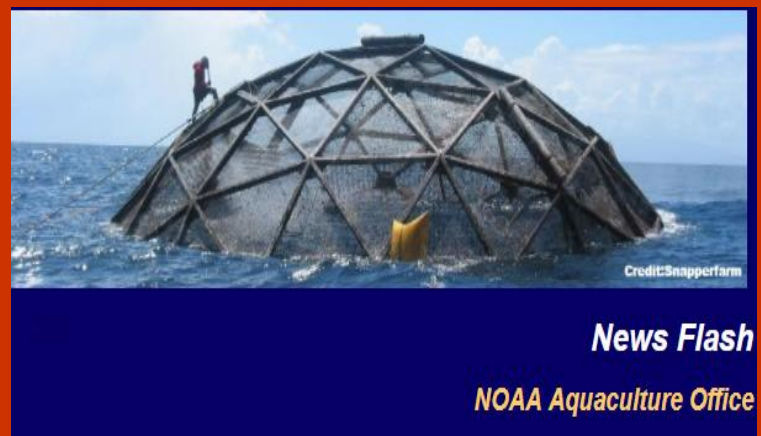

NOAA/Sea Grant John A. Knauss Marine Policy Fellowship
February 23 2018

#NJSGC

For more information on each fellowship opportunity, please visit our [website](#).

Aquaculture Federal Funding Opportunity

The NOAA Sea Grant FY 2018 aquaculture federal funding opportunity ([FFO](#)) is now available via [grants.gov](#) (opportunity [NOAA-OAR-SG-2018-2005489](#)). Depending on appropriations, NOAA National Sea Grant College Program (NOAA Sea Grant) expects to have available a total of \$7,000,000 to \$11,500,000 across fiscal years 2018, 2019, and 2020 as part of the Sea Grant National Aquaculture Initiative.

Complete proposals are due from eligible parties to Sea Grant programs on March 2, 2018 by 5 pm (which are then submitted by March 30). Applicants are strongly encouraged to reach out to their individual Sea Grant program several weeks prior to these deadlines to receive guidance regarding proposed project development.

NJSGC Marine Science Day Camp Dates Announced for Summer 2018

The Marine Science Day Camp experience at NJSGC offers “hands-on” science learning for children interested in the ocean and marine life. Daily activities are held on Sandy Hook and combine outdoor explorations of the beach and bay with laboratory experiments and fun, educational games and crafts. Please note that sessions are geared towards specific grade levels, with a total of six different groups.

~ ~ ~

NJSGC Marine Science Day Camp Summer 2018

Session 1 (4th, 5th, 6th Grade) - July 9-13

Session 2 (3rd, 4th Grade) - July 16-19

Session 3 (5th, 6th Grade) - July 23-27

Session 4 (7th, 8th, 9th Grade) - July 30-Aug 3

Session 5 (5th, 6th Grade) - Aug 6-10

Session 6 (7th, 8th Grade) - Aug 13-17

~ ~ ~

For more information and camp descriptions, please visit our [website](#). Space is limited, so if interested, please contact [Rose Higgins](#) at 732-872-1300 x19 to reserve your students' spot.

*** Session 1 focuses on Oceanography

*** Session 4 focuses on Using Robotics in Ocean Exploration
